Java Full Stack Developer Intern EduSkills

Jan 2026 – Mar 2026

- Worked with Java, Spring Boot, Hibernate, REST APIs, and backend application concepts
- Gained experience in scalable full stack architecture and database systems

AI & Prompt Engineering Intern VaultofCodes (Remote)

2026

- Worked on AI-powered workflows, prompt engineering systems, and intelligent automation concepts
- Explored advanced prompting strategies and AI-assisted productivity systems

Web Development Intern VaultofCodes (Remote)

Mar 2025 – Apr 2025

- Developed responsive web interfaces and backend-integrated systems
- Improved UI/UX, responsiveness, and layout optimization across devices

PROJECTS

Gopi OS Futuristic AI Portfolio Operating System

- Built cinematic AI-powered portfolio system inspired by futuristic operating systems
- Implemented holographic UI, AI assistant, responsive app-window architecture, and interactive terminal
- Tech Stack: React, Vite, Tailwind CSS, Framer Motion, TypeScript

VarmaX AI

- Developed AI-powered futuristic platform with immersive UI systems and responsive architecture

Real Estate AI

- Built AI-enhanced real estate platform with intelligent browsing experience and modern UI systems

Zenflow Meditation App

- Created cinematic meditation platform focused on immersive wellness experience and smooth UI interactions

EDUCATION

B.Tech in Information Technology

Maturi Venkata Subba Rao Engineering College (MVSREC), Hyderabad

2023 – Present

CGPA: 9.01 / 10
